The Personal Compound Effect: Quotes from The Slight Edge by Jeff Olson

“The truth is, what you do matters. What you do today matters. What you do every day matters. Successful people just do the things that seem to make no difference in the act of doing them and they do them over and over and over until the compound effect kicks in.”

“Successful people do what unsuccessful people are not willing to do.”

“One penny, doubled every day for a month adds up to \$10,737,418...and 24cents. Compound interest. Leverage. Doubling. Geometric growth. It all adds up-and that’s YOUR SLIGHT EDGE.”

Compound interest either works for you or against you. **You decide!**

The wealthy understand the great power of compound interest, and now you do too.
